Experience

CMPDI India (Central Mine Planning & Design Institute Limited) — Apprentice Trainee *March 2024 - October 2024*
RI VI, Jayant, Singrauli, M. P

Assisted in technical and administrative tasks within an engineering environment, handling data management, documentation, and report preparation while supporting project workflows and team operations; gained exposure to industrial processes and developed strong problem-solving, organizational, and communication skills.

Education

University Institute of Technology, RGPV — BTech (Lateral), Computer Science & Engineering *2024-2027*
Bhopal, India

Pursuing [B.Tech](#) in Computer Science Engineering (3rd year), with strong focus on Data Structures, Algorithms, DBMS, and Operating Systems, along with hands-on experience in developing web and mobile applications using Python, Django, and Flutter, and actively building projects to strengthen problem-solving and software development skills.

Sardar Vallabhbhai Polytechnic College — Diploma, Computer Science & Engineering *2020 -2023*
Grade: 8.59

Bhopal, India

Completed Diploma in Computer Science Engineering with a strong foundation in programming, data structures, databases, and software development, along with hands-on experience in building basic applications and understanding core engineering concepts.

Projects

AASK *2026*
Developed an AI-based Investment Learning Platform using Django, enabling users to simulate stock trading with virtual capital and real-time market data by integrating financial APIs; implemented features like user authentication, buy/sell functionality, and portfolio tracking with database management (SQLite/MySQL), and built a responsive UI using HTML, CSS, and JavaScript; incorporated basic ML models (moving average, linear regression) to provide trend insights and support data-driven decision-making.

Skills

Backend Development — *Intermediate:* Python, Django, REST API, MySQL, Java

Web Development — *Intermediate:* HTML, CSS, JavaScript

Tools & Technologies — *Intermediate:* Git, Github, cPanel, Google Firebase

Programming Fundamentals — *Intermediate:* DSA, OOP

Interests

Problem Solving

Tech Exploration

Building Projects

Certifications

Python with Django Framework — MPCON Ltd with knowledge partner Cyber Law Pioneers Pvt. Ltd. 03-04-2022

Completed training in Django-based web development, covering backend development, database integration, and building dynamic web applications.

Volunteering

Coding Thinker October 2024
UIT RGPV

Volunteered for 3 days Java Workshop held by UIT RGPV in collaboration with Coding Thinkers

Sardar Vallabhbhai Polytechnic College 2021-2022
Bhopal, India

Appointed as a General Secretary of Sardar Vallabhbhai Polytechnic College Bhopal
